Something Random

"Reload Livestream" a flash fic by Nerija S.

Something new flashed in the Saturnine Pan,
a clash of glampunk and surfmetal that
could out-Escher Aladdin Sane Himself,
jamming good from his Gemini spaceship.

One of the #Fins, a Glitter Goth whaleshark
Aquaman, got closest to a near-perfect lip-sync
before the algorhythm tried to steal back the
helm.

That's when Ishtar Herself rose up from the
underworld, eschewing the lyrics and shrieking
at the top of every scale until the sound
barrier shattered., the earth was covered in
driftglass and the sun had to screen herself
from the glow.
